

Connecting the community to support student success.

About Us

The Ottawa Network for Education is a hub for education, business and community partners committed to helping Ottawa students reach their full potential. By facilitating dialogue, collaborative planning and action, we leverage the strengths in our community today to ensure that students will be prepared for tomorrow.

There is a direct link between education and prosperity for individuals and society as a whole. In a few short years, the students in classrooms today will be running businesses, planning communities and researching new cures. They will be employees, consumers, decision-makers and leaders. We already have a strong education system, but there are opportunities to do more in order to ensure that all our youth will be able to contribute to their full potential.

PROGRAMS AND RESOURCES FOR STUDENTS WHO REQUIRE ADDITIONAL SUPPORT

ONFE facilitates community partnerships to help support students so each child has the opportunity to succeed. For example:

ONFE's **School Breakfast Program** helps over 13,500 children start each day at school ready to learn with a healthy breakfast.

Through the **Ottawa Volunteers in Education Program**, more than 186,000 hours of volunteer time is donated to support some 48,000 students in local schools annually.

The **JA** (formerly Junior Achievement) program provides Canadian students the opportunity to learn financial literacy, entrepreneurship and business skills to achieve their future success. The JA program impacted more than 7,500 students during the 2015/2016 school year.

“I view education as a partnership between home, school and the community. I volunteer because I believe even the smallest contribution to a worthy case can make a difference.”

—VOLUNTEER, OTTAWA VOLUNTEERS IN EDUCATION

Employer Connections a new ONFE program, helps Ottawa students leave school ready for post-secondary education or fulfilling careers. The program creates opportunities for teachers and employers to work together on projects and activities that help students understand the job market, develop work readiness skills and make informed education and career choices.

Visit our website to learn about all our student support and career development programs at www.onfe-rope.ca.

Get Involved

Do you have a little extra time to make a big impact? Volunteer with the Ottawa Network for Education - we'll match you with an opportunity that fits your interests and schedule.

No time to spare but still want to help? Donations are always needed so consider making a contribution to the Ottawa Network for Education today!
