

JA Company In-School Skill Based Advisor

JA Company In-School Program, delivered by the Ottawa Network for Education, inspires high school students to create an enterprise of their own. Over the course of one semester, students experience how a small enterprise functions by collaborating with peers to design, organize and operate a real business.

JA Company In-School programs are incorporated into various business classes (Marketing, Entrepreneurship, and Business Management Leadership) and led by the classroom teacher with JA Ottawa support.

As a **JA Company In-School Skill Based Advisor** you would be asked to visit a class for approximately one hour, 1-3 times over the course of a semester to share your expertise in a particular field and provide feedback and insight into their JA Company.

Fields:

1. Product innovation
2. Leadership
3. Human resources
4. Production
5. Marketing
6. Sales
7. Finance

As a **JA Company In-School Skill Based Advisor** you are not required to create a lesson or materials. The classroom teacher will provide details about the JA Company prior to your class visit. During your class visit, you will interact with the students and/or a specific department to provide relevant and useful feedback related to your field of interest/expertise.

Class visits could be done in-person or virtually.

JA Company In-School Skill Based Advisor Requirements:

- Proven experience in the your field of interest either through study or professional work experience
- Flexible daytime schedule in order to be able to be available to visit a class during the school day 1-3 times per semester
- Commitment to the full school year (September to June)

Next Steps:

- Register [online](#)
 - Select CIS General Volunteer 17/18
 - Provide 2 references
- Attend an in-person interview at 205-900 Morrison Drive during business hours (30 minutes)
- Complete JA Company In-School orientation (2 hours)
- Complete profile questionnaire (online) and provide a photograph
